### Party Bites

#### Favorite Snacks + Sunkist® Pistachios = Instant Party

Expecting company? Think fast. Think fun. Think Sunkist® Party Bites. Delicious and easy to prepare, Party Bites are the quickest way to please a crowd. To get you started, we've put together a few of our most popular ideas. But don't limit yourself! Pull out some of your own favorites and let your imagination go nuts.

### A touch of style

To add a little pizzazz to your party -- sprinkle ground pistachios on deviled eggs, bruchetta or mix into pesto. Pistachios also make an elegant garnish for soup and add an exotic flair to couscous and other rice dishes.

### Jazzed up favorites

Breathe new life into an old favorite -- Try rolling a cheese ball in chopped pistachios. Or sprinkle ground pistachios over veggies such as broccoli or cauliflower. For a quick and delicious pasta salad, toss chopped pistachios together with bowtie pasta, Parmesan or Gorgonzola cheese, and some olive oil.

### A party in the mix

What's a party without a party mix? To add a new twist to a classic party snack, toss Sunkist® Pistachios into Chex® Party Mix. You can also try this with trail mix or caramel corn. Stand back and watch how quickly your creation disappears.
